项目呢

- 环境安装：
- react的BrowserRouter和HashRouter理解
- 获取数据：
- Redux框架之combineReducers
  - https://www.jianshu.com/p/6a041ad8abdb
  - 示例：
    - **import {combineReducers} from 'redux';**
    - import list from './list';
    - import user from './user';
    - import detail from './detail';
    - **let reducer=combineReducers({**
      - **list,**
      - **detail,**
      - **user**
    - **})**
    - **export default reducer;**
